How To Factory Reset your Apple Watch Series 3 - Hard Reset

The Apple Watch is a great piece of tech, but even great pieces of tech need a complete restore now and again. Whether you want to pair your Apple Watch with a new phone, restore it to factory settings to troubleshoot it, or plan to pass it on to a new owner, you're going to need to unpair it from your current iPhone, back up its data, and disable Activation Lock so that it can be set up again.

How to unpair and restore the Apple Watch | iMore

Did you know you can use your Apple Watch as a timer? Since the Apple Watch is on my wrist, I'm less likely to ignore the the timer going off than if I were using my iPhone, or drop my Apple Watch if I'm using the timer while cooking with slippery ingredients or washing dishes. For less fumbling and more punctual time management, try using the Timer app on your Apple Watch.
