

Belknap S Revised Waterproof Canyonlands River Guide

Belknap S Revised Waterproof Canyonlands

The Hite Crossing Bridge is an arch bridge that carries Utah State Route 95 across the Colorado River northwest of Blanding, Utah, United States. The bridge informally marks the upstream limit of Lake Powell and the end of Cataract Canyon of the Colorado River, but when the lake is at normal water elevation, the water can back up over 30 miles (48 km) upstream into Cataract Canyon.
