Relocating your business is an even bigger task than personal moving. It's unfortunate to lose contact with people through any move, but in a business move, losing contact means losing business. A haphazard or shoddy relocation announcement makes your company look bad and can make your customers wonder if your business is in trouble.

Business relocation expert Joe Vranich who, as president of Irvine-based Spectrum Location Services, has been tracking the exodus of companies of all sizes. Vranich told Investor's Business daily (IBD) that from 2008 through 2015, at least 1,687 California companies pulled up stakes and moved elsewhere. And those are only the reported ones.
