The Indian Removal Act of 1830 and the Trail of Tears may be considered early examples of environmental racism in the United States. As a result of the Indian Removal Act of 1830, by 1850, all tribes east of the Mississippi had been removed to western lands, essentially confining them to "lands that were too dry, remote, or barren to attract the attention of settlers and corporations".

Environmental racism - Wikipedia

Description: Indexed coverage of issues in the public debate through highly selective coverage of a wide variety of sources, including journal articles, books, government documents, statistical directories, grey literature, research reports, conference papers, publications of international agencies, microfiche, Internet material and more.
