How To Start Photography Career

To start getting jobs as a freelance photographer, you need a portfolio. A portfolio will show samples of your work. Even if you have never had photographs published or publicly displayed, you can start a portfolio of your best work and then add onto it if you win photography contests or start receiving paid work.

Freelance Photography: How to Begin Your Career

Open your own studio. This is the riskiest way to start a photography career, but it also has the biggest payoff. This entails opening a storefront or other physical location and setting up the business. You can market yourself in the yellow pages and online. You can even put up fliers around town to get interest.
