How Will You Measure Your Life? PDF Summary - Clayton ...

Step 1: Determine Your Band Size. While braless or wearing a non-padded bra, measure around the bottom of the band, directly under your bust. The measuring tape should be level and very snug. Round to the nearest whole number. If the number is even, add four inches. If it's odd, add five. Your band size is the sum of this calculation.

How to Measure Your Bra Size | Real Simple

4/ Measure Your Cadence. How to do. Select a foot to use as a basis and on your next run. Count how many times that foot strikes the ground each minute. Then multiply that by two. On average, a recreational runner has a cadence of 150-170 sqm. A professional runner, however, has a cadence of 180 sqm or more..

How Do You Measure Your Stride? - Every First Step

You have to commit to the likeness regardless of what happens. Metrics — Choose things to measure the progress you have towards your likeness. This allows you to calibrate your life towards the Likeness you chose. Unlike listening to the world for emergent opportunities, your purpose must be deliberately chosen and pursued.
