The home row is a key concept in typing (sorry for the pun!). It is that middle horizontal row of the keyboard that starts with A and goes all the way across. The idea behind the home row is that each finger remains in light contact with a particular key there when it is not typing in order to keep "grounded", providing a reference point for every other key.

Through a teacher-modeled activity, students learn the importance of finding the words in sentences and paragraphs that contain the facts they need. Students then practice finding these fact fragments in small groups using an online activity. Next, they turn fact fragments into complete sentences written in their own words, moving from teacher modeling, to small group work, to independent ...
