The Culture And Commerce Of

A History Measured in Eons. No one knows exactly how long the Cherokee have lived in Western North Carolina. Artifacts that have been found indicate people lived here more than 11,000 years ago, at the end of the last Ice Age, and ancient Cherokee tales describe hunts of the mastodon that once foraged here.. At the time the first Europeans came in the 1500s, the Cherokee were a settled ...

Culture and Anarchy: Culture and Anarchy, major work of criticism by Matthew Arnold, published in 1869. In it Arnold contrasts culture, which he defines as "the study of perfection," with anarchy, the prevalent mood of England's then new democracy, which lacks standards and a sense of direction. Arnold classified

The Interlock is a multi-use property offering an unprecedented space in the Atlanta market: where stylish storefronts sit next to incubator offices and residences blend in with vibrant city life. The Interlock name comes from a historical marker down the street where four railroad lines converge—a vivid metaphor for the intersection of southern culture, technology, living quarters and commerce.

The Interlock

Class Structure. In Aztec society, warriors, priests, and the nobility were considered to be among the most respected in the Aztecan social hierarchy Because of the Aztecs' emphasis on warfare, the warrior class was highly valued, and often warriors would volunteer for the most important Aztec sacrificial rituals.

Europeanization. From 1400s onward, Europeanization and colonialism spread gradually over much of the world and controlled different regions during this five centuries long period, colonizing or subjecting the majority of the globe. The two World Wars weakened the European powers to such extent that many people in the colonies strove for independence, often inspired by nationalistic movements.
