

Water Babies Swimming Lessons

Water Babies Swimming Lessons

WaterBabies offers swimming lessons for babies, children and adults. We have taught over 10,000 children to swim and be safer in the water since 1997.

Waterbabies

Swim Classes for Infants. Since our very first baby class in 1979, La Petite Baleen has paved the way in infant swim lessons in the Bay Area, helping babies and their caregivers get comfortable in the water and learn basic safety skills.

Basic Tips & Pool Etiquette. If it's too hot or crowded to wait in the pool area, at the very minimum, an adult must accompany swimmers on deck until they are safely in the water with their instructor, and return to meet them on deck 2-3 minutes before the end of their class.

Waterbabies | Class descriptions, pricing and enrollment dates

Water Babies (6-36 Months) For our littlest fish with little or no water experience, we offer a Water Baby class. Through this swim class, your infant or toddler will acclimate to the aquatic environment and begin to lay a foundation for their future swimming skills at a pace that is comfortable for them and their stage of development.

Water Babies Swim Class | Splash Swim School

Parent joins baby in the water. The results are increased confidence while they learn to jump in, kick independently through the water and exit the pool. This is a very exciting level of swim lessons as babies learn to enter the water, kick a distance of five feet and exit the pool independently.

Toddler Swim Classes | Waterbabies | Emler Swim School

Water Babies Markham. Baby swimming with Water Babies is an exciting, enriching experience for both you and your little one. Not only does it teach vital life skills, but it also enhances the way babies and toddlers learn other skills too.
